

## TITAN PBI® - THE GOLD STANDARD IN STRUCTURAL FIRE PROTECTION

Bristol Uniforms in collaboration with Pac Fire Australia have developed a game changer in hand protection. The Titan PBI® Structural Firefighting Gloves represent years of research that balance paramount protection and optimum dexterity. Developed with the wearer in mind, the Bristol glove offers a unique, anatomical fit and broad sizing range. These gloves are tough! The Titan PBI® gloves boast an exceptional lifespan due to their resilience when undergoing regular cleans.

### Expect more from your gloves.
