COMPLIANT

H01118 ERGO-MOTION BACK SUPPORT

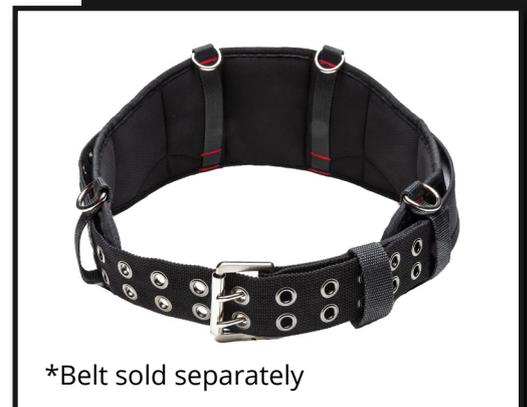

GRIPPS® Ergo-Motion Back Support is an amazingly comfortable back support with four load rated tether anchor points built-in.

Compatible with the Reinforced Synthetic Work Belt, the Ergo-Motion Back Support turns any standard 50mm/2.0" work belt into a comfortable, supportive and functional belt for working at height with tools.

- Compatible with the GRIPPS® Reinforced Synthetic Work Belt & Econo Belt

5.5 LB **2.5** KG
MAX LOAD:

*Belt sold separately

KEY FEATURES

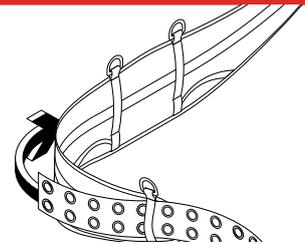

HOW TO USE

1

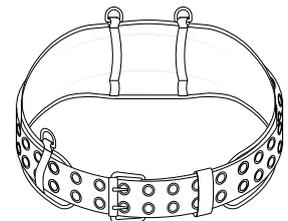

Layout Back support to identify the inner side. The GRIPPS® logo should be outside facing.

2

You must weave your own work belt through the inner side loops of the support.

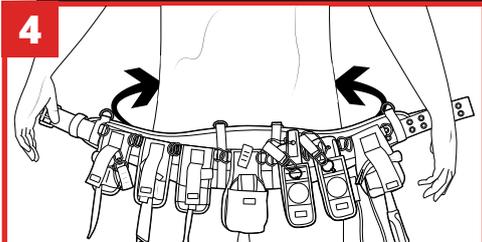

3

Ensure belt is pulled through in entirety.

D-Rings should be located on the top side.

4

Wrap the belt around your waistline and close buckle on preferred length. The belt should be a snug fit.
