## KEY FEATURES

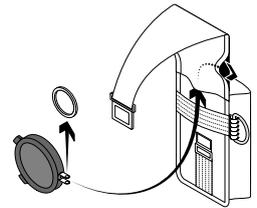

## SPECIFICATIONS

SKU	MAX LOAD	MAX LENGTH
H01120	0.7KG   1.5LBS	1.2M   47"

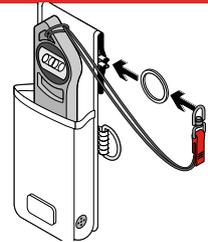

## HOW TO USE

1

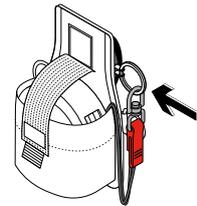

Remove tool ring from Retractor then insert Retractor into holster pocket. Feed end of Retractor cable out of holster pocket.

2

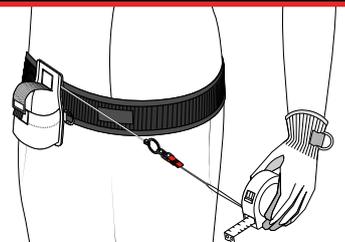

Thread tool ring back onto Retractor. The tool ring should be exposed outside of the holster.

3

Tether your tool or GRIPPS® Swivel Catch directly to the retractor unit tool ring.

4

You can now use your Retractor unit with your holster.
