

GRIPPS®

H01109 LIFTING BAG INSERT

Instantly transform your GRIPPS® Lifting Bag into a workable tool bag with the GRIPPS® Lifting Bag Insert.

Compatible with all GRIPPS® Lifting Bags, this heavy-duty Nylon insert holds the lifting bag open and provides multiple pockets for tool organization.

The design of the insert allows the pockets to fit underneath the existing tether anchor points on the lifting bag, meaning all tools inside the bag and pockets can be 100% safely tethered.

THE LEADERS IN FALLING OBJECT PREVENTION

GRIPPS.COM

KEY FEATURES

Constructed from heavy-duty Nylon.

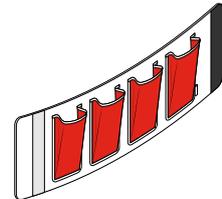

4 reinforced tool organization pockets.

Compatible with the following GRIPPS® lifting bags: H01110, H01115, H01112.

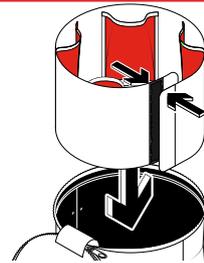

HOW TO USE

1

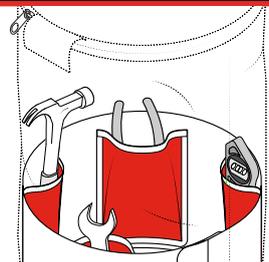

Lay out Lifting Bag insert and begin to flex into a circular shape, keeping pockets on the inside of the ring created.

2

Open tool bag and insert Lifting Bag Insert in main compartment, bending as required. Ensure velcro edges are joined evenly and overlaps.

3

Insert tools as desired into pockets. Tool bag should not be tipped upside down at any point.
