# H02031 BOA HOLSTER

**11.0 LB 5.0 KG**

**MAX LOAD:**

*The Battery Operated Arrest (BOA) Holster keeps battery-operated hand tools secured and at hand. Compatible with any standard tool belt, the self-locking hook immediately captures and secures your tool by simply dropping it into the holster.*

Ideal for scaffolders, roofers or construction professionals who work at height and need free hands for productivity and safety, the BOA Holster simplifies tool holstering with its single-handed operation.

## KEY FEATURES

Compatible with virtually any work belt.

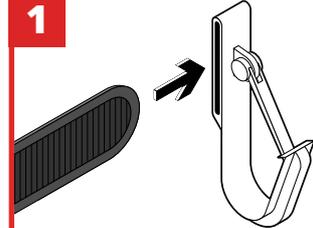

Made from industrial-strength, lightweight plastic.

Spring-loaded mechanism immediately traps battery-operated hand tools in the holster.

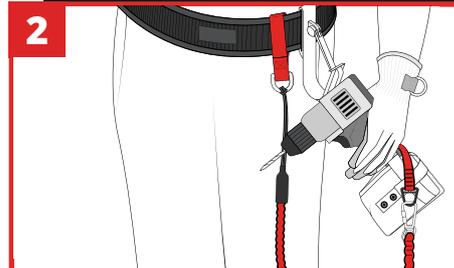

## HOW TO USE

1

To connect to a work belt, thread work belt through the loop of Battery Operated Arrest Holster.

2

Your tethered drill (or similar device) can be stowed into the BOA after by simply pressing your tool into the latch. The latch utilizes a spring to automatically lock after. To remove your tool, press latch inwards and pull tool out. Ensure your tool is properly anchored before using BOA holster.
