## H10000 SAFETY GLASSES TETHER

*Introducing the Gripps Safety Glasses Tether, the ultimate solution to keeping your eyewear secure and within reach.*

Crafted with premium quality coated wire, this tether is engineered for durability, ensuring long-lasting performance. The innovative design incorporates silicone rubber grips, providing a secure hold on your glasses while offering maximum comfort. Whether you're working in a high-intensity industrial setting or enjoying outdoor activities, these tethers guarantee that your safety glasses stay in place, reducing the risk of loss or damage. With the Gripps Safety Glasses Tether, you can focus on your tasks with confidence, knowing your eyewear is always securely attached and easily accessible.

- Highly comfortable and adjustable fit
- Silicone rubber grips which hold all styles of safety glasses

## KEY FEATURES

## HOW TO USE

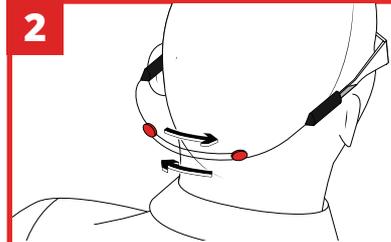

1

Slide the rubber endings of the Safety Glasses Tether onto the temple tips of your eyewear.

Ensure that both rubber ends are firmly secured.

2

Place eyewear and Safety Glasses Tether on head. Adjust the Safety Glasses Tether by sliding the two red central pieces to opposite sides.
