D17010 STABILA MAGNETIC SCAFFOLDERS LEVEL

Introducing the 81SM-25-H Stabila Magnetic Torpedo Level, the epitome of German precision and durability.

Crafted from sturdy cast aluminum, this compact level features large, easy-to-read vials for accurate measurements in any position. Its trapezoidal profile offers an optimal grip, making it ideal for cramped spaces.

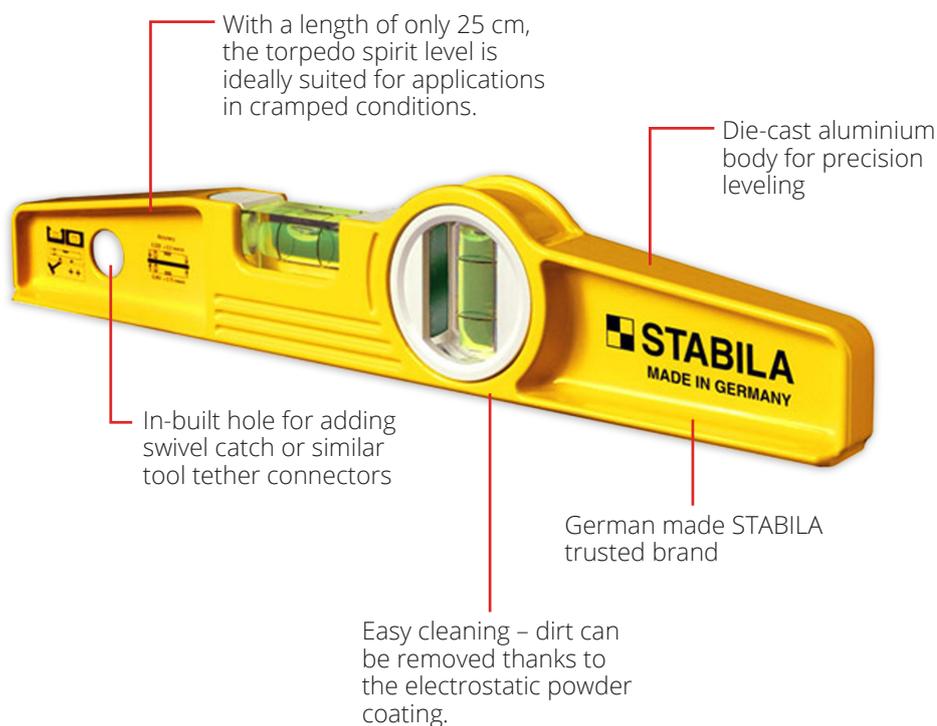

The level's rare-earth magnet system ensures strong adhesion to metal objects, freeing your hands for precise adjustments. Boasting a precision-milled measuring surface and comes equipped with 1 horizontal vial, 1 vertical vial, and a rare-earth magnet system (5 times stronger than standard ferrite magnets).

THE LEADER IN FALLING OBJECT PREVENTION
