

GRIPPS®

D28313 SHIFTER - 10"

Introducing the IREGA Wrench 92W, a revolutionary tool designed to redefine your adjustable wrench experience.

With its Xtra opening ranging from 6" to 12", this wrench offers an incredible 25% Xtra capacity, allowing you to tackle a wider range of nuts and bolts effortlessly.

Equipped with longer jaws and a four-thread knurl, the 92W ensures a secure grip and enhanced performance. Its unique design, marked by the distinctive 92W logo, allows it to operate over a broader range of nuts and bolts while maintaining the same size as a standard adjustable wrench.

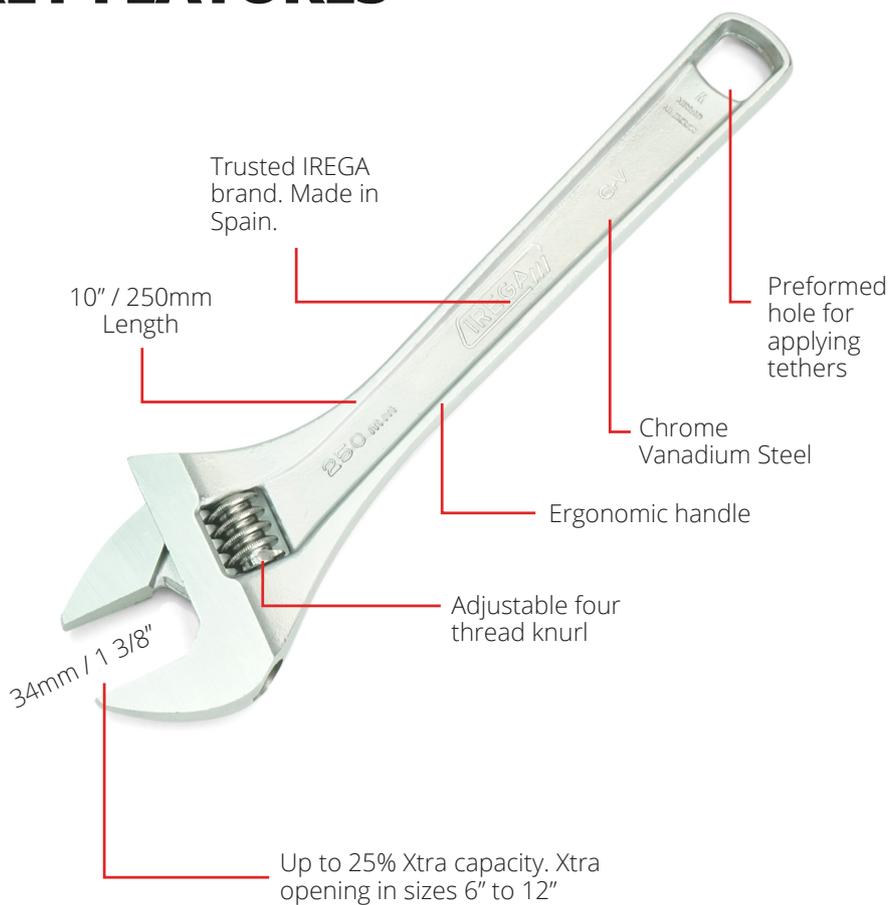

THE LEADER IN FALLING OBJECT PREVENTION
