

# 3M™ Versaflo™ M-200 Series

## Parts and Accessories

### M-200 Series

If you discover any signs of wear and/or damage, remove headgear from use and service or replace as appropriate. 3M recommends a maximum life (shelf life plus in use life) of 5 years from the date of manufacture. See the M-Series User Instructions for details on inspection and replacement.

**Always read and follow all User Instructions**

#### ⚠WARNING

These respirators help protect against certain airborne contaminants. Before use, the wearer must read and understand the User Instructions provided as a part of the product packaging. A written respiratory protection program must be implemented meeting all the requirements of OSHA 1910.134 including training, fit testing and medical evaluation. In Canada, CSA standards Z94.4 requirements must be met and/or requirements of the applicable jurisdiction, as appropriate. **Improper use may result in injury, sickness or death.** For correct use, see supervisor and User Instructions, or call 3M PSD Technical Service in USA at 1-800-243-4630 and in Canada at 1-800-267-4414.
